FOR IMMEDIATE RELEASE

Kirsten Engel Endorsed by United Food and Commercial Workers Union

TUCSON — The United Food and Commercial Workers Union, the largest private sector labor union in the state, has endorsed Kirsten Engel for Congress in Arizona's Sixth Congressional District.

"Kirsten has been a fierce voice for Arizona workers while in the legislature and will continue making Arizona's working families a key part of her campaign for Congress," Jim McLaughlin, President of UFCW Local 99 said. "We need more people like Kirsten in Congress and the UFCW will help her get there."

"My goal in public service has always been to help make people's lives better," said Engel. "We need a representative in Congress who fights for working families in Arizona, not wealthy special interests in Washington. I am honored to have the support of UFCW as we fight to take back this district."

UFCW is the latest in a growing list of endorsements for Engel that includes the New Dems Action Fund, EMILYs List, the Sierra Club, and Sen. Mark Kelly.

###

Kirsten Engel is a seasoned legislator with experience working across the aisle. She is a lawyer and law professor specializing in environmental law. She and her husband have a college-aged daughter. Kirsten has a record of drive and determination and she'll bring those qualities to the fight to make our communities better, safer, and more equitable for every family and child.
